

TOKYO COLLECTION

Tokyo collection is a line of Japanese partitions dressed in metal cloth. These partitions decorate and structure your interiors while increasing brightness.

VERSIONMÉTAL proposes two different versions :

Ginka : with a framed pattern and a choice between 3 elegant fabrics.

Minato : more classic model using loose and mobile metal fabrics.

EXAMPLE OF INSTALLATION

GINKA

Especially created by **PASCALE LION** for **VERSION METAL**

PRODUCT DESCRIPTION:

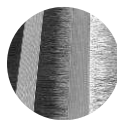

Ginka's Japanese partition is mounted in a frame. Totally made in stainless steel, this chassis sublimates the metal cloth. Its stretched corners perfectly underline the brilliant and quality fabrics.

Selected by Pascale Lion, you can choose between three different styles: free wires, wrinkled and chevron type. These glamorous partitions bring personality to your interiors.

With its sliding system, **Ginka's** Japanese partition is easily installed. Several technical arrangements are possible on request.
