

LONDON COLLECTION

Signed by a designer, this neat and modern London collection dresses your walls at best.

VERSIONM TAL proposes sober and updated modules you can arrange on your own. They are available in two types of meshes :

Greenwich : undulated and structured.

Mayfair : thin and elegant.

These modules adorn your interiors according to your wishes. Let yourself be tempted by the wide choice of combinations and create your own configuration.

EXAMPLE OF INSTALLATION

GREENWICH

Especially created by **PASCALE LION** for **VERSION METAL**

PRODUCT DESCRIPTION

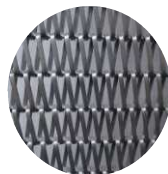

Greenwich modules are made with Modulia flat wire mesh.

They are used as decorative panels and are proposed in nine elements. Modular and interchangeable, they can be arranged in series of 4, 6 or 8... elements and take different shapes.

Ready to install, you only have to position them according to your wishes.
